CELEBRATE YOUR TEAM'S EXCEPTIONAL PERFORMANCE BY GIVING THEM THE OPPORTUNITY TO FEEL LIKE THE ROCK STARS THEY REALLY ARE.

### Were you "Born to Be Wild"?

**Teams walk away from this event and tell us that it is simply not possible to top this as a turning point experience.** Imagine turning your next conference event into a full blown Rock Concert. Lights, stage, smoke machines, drums, keyboard, guitars, fishnet stockings, dancers, singers... stage divers. It is the ultimate celebration for any team.

Right from the moment we start the process with song selection, role allocation, through to rehearsals, choreography and instrument alignment, this is the team build of the century. Just wait until your team meets the judges and talent scouts. A night to be remembered...

Your team will feel what it is like to be rock stars for a day. They will feel the pressure, the thrill and the rush of performing in front their peers, live on stage, filmed from every angle. They will bond together with laughter and energy, and unlock hidden talents and abilities. They will discover a whole new side of the boring grey suits that they see at the office. There is something for everyone in this process, from the introvert to the extrovert.

The event wraps up with our very own Rock Band awards evening as we watch the bands work their way through the various rounds of the competition in their very own Battle of the Bands.

**It never ceases to amaze us how many people come to us at the end of the process and say that they have never before gotten to know their peers so well, so fast... and had so much fun together.**

**"THIS PROJECT IS ABOUT GIVING A BIT BACK TO THE COMMUNITY. A VERY WELL THOUGHT THROUGH PROJECT." IRENE DU PLESSIS, FUNDRAISER - NURTURING ORPHANS OF AIDS FOR HUMANITY.**

**Discover how this values-based exercise can pull the whole team together – regardless of age, gender or race. In Project Wendy each team is assigned with the brief of having to build a Wendy House.**

Project Wendy is a practical way to really get people's ideas and viewpoints on your current mission or vision and then define and agree on the values and behaviours that are needed to achieve your strategic intent.

Your team will experience what it is like to plan, build and deliver a high quality Wendy House to an organisation in need. You can build one or 20 at a time.

Instead of being spoilt at a conference venue and spending money on the bar bill, many of our clients approach us to apply their budget in a way that really makes a difference to the community. In the past few years of running this service we have, with the help of our clients, changed the lives of school children, entrepreneurs, clinic teams, drug rehab centre administrators and orphanages.

The various Wendy's have been donated to a range of charities and communities. **The reality is that we could run this product full time and still not serve the need that exists.**

## CRAZY COCKTAILS

SOCIALISE WITH YOUR TEAM! HAVE FUN AND WHY NOT LEARN HOW TO MIX A COCKTAIL OR TWO WHILE YOU ARE DOING IT? SHAKE AND MIX WITH THE BEST MIXOLOGISTS IN THE BUSINESS

Your bar will be decked out with tot measures, shakers, ice-crushers, swivel sticks, blenders – you name it, we provide it.

**It all comes together beautifully as an ice-breaker before dinner or even at the start of a conference.**

The ice is literally broken or crushed, colours and cordials mixed and umbrellas, cherries or olives are added. Everything from straws to strawberries, slices of lime and salty rims and a healthy tot of laughter are included.

Create a cocktail that tells a story, make it personal and delicious. Points are given for presentation, taste, your story and panache. The tension mounts, the hearts pound as the judges do their rounds. Our winners are toasted and everyone raises their glasses in celebration.

The team will socialise and unwind while working together in a fantastically organised and creative way. Crazy Cocktails is for everyone from the budding bar enthusiast to the novice mixologist and all the equipment is top class.

At the end of the Crazy Cocktail experience, teams have the opportunity to view and sample each of the submissions on display as our judging panel does the same. **It all comes together nicely in a small, informal awards wrap-up where everyone's creativity and innovation is rewarded. Please note that mocktails (non-alcoholic) are also catered for.**

HOW GREAT IS YOUR GENERAL KNOWLEDGE?

**Test out your team's wits in an exhilarating quiz show that will leave everyone knowing a little bit more about their colleagues, the company and themselves.** It works well over dinner or as a stand-alone event.

Designed to run in 1 - 2 hours, teams will have the opportunity to compete against each other using electronic voting devices to select their answers and a live score board will display the results per question as well as the running score. Big screens, sound and voting devices all make this event next level and real. We combine music montages, guess the sound, sport, celebrity and world news.

The show can be designed so that it focuses on getting to know each other, and finding things in common, or it can be designed around product knowledge, general knowledge or by category (e.g. Football Fridays, History, World Events, Did You Know, True or False etc.) You name it, we have done it, and are open to doing anything new.

The Strongest Link is the exact opposite of the Weakest Link. It builds teams and people, and teaches the power of sharing knowledge and of collaboration. It makes getting to know each other fun, and demonstrates the power of saying "I don't know." **Get people talking, listening, asking for help, learning and winning together with the Strongest Link. Prove beyond a shadow of a doubt that you are... the Strongest Link - good bye!**

A TOE TAPPING EXPERIENCE THAT WILL SWEEP YOU OFF YOUR FEET AND TWIRL YOU INTO THE FAST-PACED, HIGH ENERGY WORLD OF DANCE.

Learn with your team, grow with your colleagues and why not learn a new dance step or two? Work with professional dance instructors and our trained facilitators as you learn the Cha-Cha , a line dance or express your story through free movement.

It all comes together beautifully in the evening in your very own Gala Evening as everyone does their hair, make-up and dons their gorgeous outfits. The dancers take to the stage, the house lights go dim, and the judges ready their scorecards. Each team will get their turn in the spotlight and a chance to win the judges' hearts.

Then the tension mounts, the drum roll plays as our winners are announced, celebrations are exchanged and the group will dance and party the night away as the DJ takes over.

The team will experience what it is like to work together in a marvellously creative and organised way to produce a beautifully choreographed final product. **The tremendous kick everyone involved will get out of this experience and the learning points it creates, will give everyone a fantastic head start to teaming more closely and effectively than ever before!**

**AN ILLUSIONARY EXTRAVAGANZA WHICH BRINGS YOUR TEAM'S MAGIC TO LIFE AS THEY PULL TOGETHER TO CREATE MAGIC.**

**Meet our magician and illusionist, master of intrigue and wonder.** Able to amaze, mystify and enrapture, he can release you from reality; suspend your disbelief and most importantly make you dream...

**We will divide the group into teams and each team has to put together a 4-5 minute show performing their very own magic.** Delegates will have access to video training material to learn the tricks and will also be able to ask questions to ensure that you well prepared.

Teams will compete against each other to put on the best "Illusionary Extravaganza".

You will have a Master of Ceremonies, the Magician and a Magicians Assistant amongst other roles. The key to success is a mesmerising and entertaining 4 - 5 minutes set. We will provide all the equipment needed and the teams will have one hour to orientate themselves and prepare their segment for the show.

Delegates will learn the 10 steps of magic as they work out how to perform a range of easy, medium and difficult tricks. They will watch our master magician do his stuff as well as each enter their very own magic studio and learn what it is that the audience wants to see. They will develop an act using a basic magic set and select combination of presentation styles as part up the up-front draw from the hat. **These include: Street Magic, Close-Up Magic, Parlour Magic, Stage Magic, Mentalism, Escape and Grand Illusions!**

## PROJECT FIDO

"IN A PERFECT WORLD, EVERY DOG WOULD HAVE A HOME AND EVERY HOME WOULD HAVE A DOG."

**This is an initiative that will draw your team together as they unite behind the common cause – providing shelter for less fortunate canines.** Project Fido is ideal to bring teams together in a meaningful community project.

**The kennels are built and decorated beautifully. You can add in blankets, cushions, bowls and food for the pet owners - the choice is yours!**

Project Fido will involve every one of your team and does not exclude people by age, fitness or gender. The kennels can be built off-site at your conference venue or you have the opportunity to go into communities, and build the kennels onsite with a couple of wet noses and wagging tails to assist. Your teams will work hand in hand with the SPCA or Animal Anti-Cruelty organisations in this process.

In the past few years of running this service we have, with the help of our clients, changed the living conditions and health of many dogs. We have also helped raise awareness of animal care in the communities we have worked in... and seen quite a few dogs adopted too.

Your team will change in terms of their awareness, attitude and understanding toward each other, their pets, the community and their responsibility in terms of caring for animals. **They will feel less title, role and function oriented and more human in the process.**

**GIVE YOUR TEAM A TASTE OF SUCCESS IN A THREE COURSE MEAL CHALLENGE THAT WILL LEAVE THEM HUNGRY FOR SUCCESS.**

**The culinary world is rapidly changing and people are far more interested in preparing healthy, delicious meals with the freshest ingredients.** Join this gravy train and put your home cooks to the test.

**Why not start with a masterclass with a leading chef.** The chef will impart their knowledge and provide valuable tips on how to whip up a gastro sensation.

Each team will be supplied with a mystery basket of ingredients. Using these ingredients, the team creates a three course meal. Old family recipes get shared, braai masters get to shine and the spice gurus are in high demand. The real test comes in the actual execution of preparing the various dishes, as well as plating and garnishing each course. A full service is run, the head chef lose his rag, the sous chef throws in the towel but they get there in the end. Each course will be judged on the flavour, aroma and presentation of the meal.

Full mobile kitchens are supplied and are decked out with all the utensils and equipment needed to create a taste sensation.

**Challenge the teams to push the boundaries and prepare a fine dining meal – asparagus soup with garlic custards and home baked bread or crème brulee with Amarula cream...**

DISCOVER AN ACTIVITY THAT WILL GET YOUR TEAM LOOKING AS GOOD AND FEELING GREAT. GET READY TO STRIKE A POSE!

**Welcome to Fashion Runway. This exciting event gives teams the opportunity to conceive, design, build and implement their very own Fashion Show.** There is everything in this mix - from branding, garments, to glitz and glamour support. Make-up, lighting, choreography, music... the works!

Let your people bring your brand to life using Fashion Runway... and lift off together in a fun and creative way that builds confidence and pride in each member of the team.

The team will be welcomed into the world of fashion and meet their very own fashion consultant who will help them design and create their very own brand and identity.

There is something for everyone in the process. The pressure mounts as teams work against the clock to create and communicate a new corporate look that everyone can buy into and wear with pride. The winning team's selection may well end up being your company's new identity. What a great way to enhance your people's emotional connection with the brand.

In today's competitive world, branding is everything. Fashion Runway gives people an opportunity to not only live out the fantasy of being a supermodel for a day, but also provides you with a powerful live survey which has everyone interested and commenting on. **What makes this process powerful is that people work together to design and create their submissions and ideas instead of these being imposed on them.**

GET YOUR TEAM MOVING TO THE SAME BEAT BY RIPPING UP THE DECKS AND GETTING EVERYBODY "DOWN" ON THE DANCEFLOOR.

**Turn your next event into a sensational nightclub.** Fill the room with a pulse and vibe that gets everybody into the spirit of the night. Mix, match, engage and move your body to the beat.

**DJ Nights is a vibrant team experience that lets each member of the team shine whilst being part of the team.** The evening can take many turns, from a journey through the 80's, to Pop... Rock... House... Local... Afrikaans... Middle East... Commercial... Disco....

An event filled with fun, stimulation, entertainment, dance and celebration. Each round of the evening is professionally facilitated and packed with technical support to ensure that you have everything at your disposal from lasers and staging to lights and sound that will engage everyone, and even raise the dead. Design yourself as a DJ! Each member of the team develops a character for themselves to play out during the evening. They get into costume, they work out their make-up and develop their entertainment persona. A drink or two sometimes helps as they build up some courage.

The emerging performers now work with our facilitators and receive coaching in terms of presentation, floor management and instrument control. They have the help of a professional DJ to orientate them to the equipment and how to pull it all together. **The DJ's arrive, we kick it off with our DJ, and the MC starts the process by bringing each DJ designate up for their session. We film the session from start to finish.**

DOES YOUR TEAM HAVE THE RIGHT CHEMISTRY? CAN YOUR DELEGATES CAPTURE THE DIFFERENT CULTURES, PERSONALITIES AND NUANCES OF THEIR TEAM AND PRODUCE A WINE BLEND THAT CAN STAND THE TEST OF TIME?

**All the lessons of teamwork are drawn on as the team discovers if it has the ability to create their very own bottle of wine.** The perfect blend! Teamistry is both fun and exciting – a competition mixed with an element of learning, and a rewarding end result. Everyone gets to take home a beautifully bottled once off wine blend.

**The group will be divided into teams, who are challenged to take on a Quality Quest: each team is tasked with making their very own wine blend.** Wine blending has become a very common practice as many embark on the challenge of producing a unique blend of wine as well as designing their own wine bottle label. All the blending and bottling equipment is supplied.

There is the optional extra of including grape stomping (seasonal) to get the delegates relaxed. They will have the opportunity to get into large wine barrels, feet and all, as they then stomp the fruit together. Very entertaining. Not to mention how much fun the teams have in scrubbing each other's feet before they get into the barrels. Nothing beats this physically sensational experience of stomping fruit.

So come on, scrub your team mates' feet, hear them laugh and cry... and then climb into the barrel and stomp some grapes together. Why? **It is simply a shared experience that raises morale and has some good old fashioned fun built in.**

## SQUEEZE AND TEAS

SQUEEZE AND TEAS IS A FUN-FILLED, MORNING WAKE-UP CALL OF HERBAL INFUSION AND THE ADVENTURE OF TASTE AND AROMA.

Delegates mix their own blend of teas, savour a range of coffees and create their very own smoothies, fruit drinks and invigorating mocktails. Greek yoghurt, honey, coconut milk, mangoes...

Kick start the day with a healthy boost. Perfect as an ice-breaker as delegates arrive at a conference. It gets everyone communicating and provides a nutritious start to the conference. It also works well after an early morning walk before breakfast or during the mid-morning tea slot. We provide all the mixers, blenders, fruit and ingredients for teams to create their very own blends.

CAKES ARE THE PERFECT SYMBOL OF CELEBRATION.

YOUR TEAM HAS WORKED HARD, NOW LET THEM CELEBRATE WITH THE SWEETEST TEAM BUILDING EVENT EVER. WHEN IT COMES TO CELEBRATING SUCCESS, THIS EVENT REALLY IS THE CHERRY ON THE CAKE.

**Put on your apron and bakers hat and bake the perfect cake, decorate it and take home the title of Cake Master as a team.** Create a perfectly decorated three tier masterpiece.

Impress our panel of professional bakers with your butter-icing and fondant figurines. **The delegates'** creativity is put to the test as the teams work with food colouring, rolling fondant and baking a perfect sponge cake. The cake needs to tell a story and reflect your team. Don't be mistaken in thinking that team men won't enjoy this challenge. Some of our most spectacular cakes have come from all male teams – alright so they were all engineers

After the judging, teams are given the opportunity to enjoy their cakes with a cup of tea. However, many teams prefer to donate their creations to a school or orphanage or simply take them back to the office to show off their skills to the rest of the staff.

**We supply all the ingredients and the fully equipped mobile kitchen.**

## WIN IT IN A MINUTE

THE 60-SECOND GAME THAT WILL TAKE YOUR TEAM'S PERFORMANCE TO THE NEXT LEVEL. ARE YOU UP TO WIN IT IN A MINUTE?

The game will feature 60-second challenges with household objects for a shot at the most points or the one million point grand challenge. But as the points increase, so does the level of difficulty of the challenges.

Watch as everyone takes part in various challenges. Be amazed as the entire group gets behind one another, shouting words of encouragement and "did you see that?"

It does not matter if you are the MD or the receptionist; everyone is equal in this level and unique arena. Delegates will be equipped with all the necessary tools in which to complete each of the "Blue Prints" or challenges.

What better way to re-enforce the team's spirit and commitment to one another? At the end of the competition all the points are tallied up, individual accomplishments acknowledged and the winners crowned.

Throughout the day, teams will have some fantastic realisations about the need to plan ahead, apply basic principles, and work together to make it happen.

## FLASH MOB

THE SUM IS GREATER THAN ITS PARTS. NOWHERE IS THIS TRUER THAN IN THIS EXCITING FLASH MOB ACTIVITY THAT WILL GET YOUR TEAM STRIKING A POSE AS ONE.

Imagine your brand coming to life. Not coming to life on a screen or in a printed advert, but really coming to life - having life, energy and passion breathed into it by your own people. Imagine what that would be like. Imagine what that would do - not only for your people but for your brand.

Welcome to the craze that is sweeping across the world, the latest in vibrant, in your face, surprise advertising and brand awareness – Welcome to Flash Mob!

A flash mob is a group of people that, to the naked eye, appear to be normal tourists, consumers and everyday passers-by. But with our guidance, coaching and a little inspiration, these seemingly everyday people are actually powerful brand agents, with a specific mission and strategic goal to get your brand out there and not just to get everyone to talk about it, but to get everyone to be a part of it!

We can coach and prepare your Flash Mob in a day or over a series of weeks. We can take your employees and transform them, or work specifically with professional actors and dancers, or we can combine both into the ultimate brand soldiers, ready to go out and take the competition by storm. In our experience, this project will be immensely popular with your team and every single one of them will have an important role to fulfil. There are no 'passengers', and the project is only effective if everyone comes together and plays their part in the grand design. This is a sophisticated, high quality, high profile project that leverages off the international craze and will elevate your team and brand to astronomical new heights and ensure that everyone will experience your organisation in ways you never thought possible.

There are also several options on offer to record and promote your Flash Mob. We can have agents in the crowd with portable cameras, grabbing the action as if they were tourists along for the ride, or we can elevate the professionalism and strategically mount high level cameras all over the target area and capture this excitement on broadcast quality equipment. We can spread the word for you over multiple social media platforms and work with your people to get the word out there and make the mob a truly viral experience. Anything is possible and all is doable. **At the end, our team will provide you with a professionally edited piece of marketing material that will tell the story of the Flash Mob from inception to execution.**

## CRAZY GOLF

THE BUSINESS WORLD DOESN'T PLAY BY THE RULES ALL THE TIME  
AND NEITHER DOES OUR ROUND OF CRAZY GOLF.

**Expect the unexpected. Take a swing, you won't be disappointed.**

**What a fun way to socialize with your team.** With Crazy Golf, we take the normal way of playing golf and make it different, those single handicap players you might have in your team, will also enjoy this as a challenge, to show their skills with their swing. Imagine doing that perfect swing, head down, eye on the ball, do not force it, let the club do the work for you, but you have to do that wearing a heavy coat that is too small or too big. Or, try doing that with one eye closed? With Crazy Golf, any swing is a good swing. Should you need a Mulligan, have two, but it will cost you, you will need to tell a joke, or do something crazy that will have your team cheer you on.

The teams will dress up, wear mismatched socks, and create situations where the odds of getting the golf ball off the tee are bordering impossible. With Crazy Golf, hitting a hook shot, will be perfectly fine, it will almost be the norm, but that is what it is all about, getting out of the seriousness of the rat race and letting your hair down, or, if you prefer, you can have it up. It will give non-golfers who have never had the experience of being on a golf course, the chance to share this experience in a non-threatening way with colleagues who are all playing off the same handicap, Crazy Golf!

Crazy Golf is an ideal tool to use at any time during a conference to set the tone of having fun or use it as an ice breaker. You can use it as a fun event after all the serious business has been taken care of. Everything from drivers to putters will be provided, enough golf balls to handle the trickiest situations, everything you need to turn Golf up-side-down. **This is Crazy Golf, it is crazy!**

**We have combined our most popular games and have incorporated them into a typical game show event promising to be a fun, high energy and competitive celebration.** Win It In a Minute, Strongest Link and Digital Charades combine the best of these fast-paced events into Game Show Bonanza.

The Game Show Bonanza is also highly scalable and customisable to the degree that we can include personalised or specialised content and questions. It's fun for everyone whether playing individually or as a group. We create a proper "game show" feel by bringing in a stage, screens, lights and cameras.

The quiz section will feature our hand-held voting devices and a live running score will be updated on the screens.

We have selected the crowd pleasers from Win It In A Minute. These 60 second shots of energy will have everyone out of their seats cheering their team members on.

**This is the perfect event to run over dinner as it can be effectively run in segments and keeps the energy of the attendees up.**

## FOOD TRUCK FACE-OFF

FOOD TRUCK FACE-OFF TURNS THE SENSATION OF FOOD TRUCKS INTO A TEAMBUILDING EVENT, RESULTING IN THE MOST DELICIOUS FACE-OFF IMAGINABLE.

### So what is Food Truck Face-Off about?

Delegates arrive at the Food Truck Forecourt, where they are assigned to their teams.

The teams find their Food Truck and are met with an abundance of top quality fresh produce and fully equipped mobile kitchens.

It is time to get to work. The teams are tasked with creating and supplying the best street food ever. They need to plan their menu, allocate tasks and come up with the winning recipe to success.

Now it gets personal. Each Food Truck needs to be personalized, named, branded and decorated to attract the most patrons.

Go for gold. Each team has a limited time to prepare enough food before service begins. The pressure mounts and the excitement builds.

The food critics arrive and the teams are suspended in time as the deliberations are made and the winners are announced.
